

TROPICANA CASINO & RESORT

Atlantic City, NJ

Keating Partners has completed many project management assignments at Tropicana, one of the largest casino properties in Atlantic City, with total square footage approaching two million square feet. In addition to a large gaming floor (3,000 slot machines), the facility includes nearly 2,400 guest rooms, The Quarter, a signature Old Havana experience offering over 200,000 square feet of dining, entertainment and retail space and 5,000 parking spaces.

Tropicana recognized the need to establish strong and interactive teams with all its projects. Our focus on design-build project delivery became a trademark of our relationship... an approach that typically resulted in time and cost savings for the owner.
